Contest Travel Release Form

The Department of Athletics wants to emphasize the importance of student-athletes riding the team bus back to North Central High School from athletic events. The riding of the team bus creates a bond – a team unity among teammates and coaches. It is a sanctuary where athletes can communicate after a loss or celebrate after a victory. It is an educational classroom where coaches can discuss team goals, strategies, and game or practice instruction. The bus is a place where a coach can console, congratulate, or motivate an athlete. It is where the athlete and coach have an opportunity to communicate without any interruptions or outside interference. It is an environment that cannot be duplicated or recaptured at any other time than at that moment.

You take these experiences, opportunities and more away from your child and our team when you transport them home from a contest. Under certain circumstances or exceptional situations, athletes may be excused from riding the team bus from an athletic event on school authorized transportation. (Examples: medical emergency, hospitalized relative, school related standardized tests, weddings, funerals)

Please help us provide the best opportunity for your child and our team before considering this option.

I understand that North Central High School Athletic Rules require that students ride the bus back to the High School after all athletic events and a departure from this requirement will release the Metropolitan School District of Washington Township from all liability for any adverse results that may occur. I agree to release the MSDWT and its employees and officers from all liability with reference to the above stated transportation.
